Dora Can't Skate

Dora put on her skates and stepped on the ice. 10
"This isn't going to work," she said to her friend 20
Amy. "I'll never learn to skate." 26

"You'll have to let go of the rail," said Amy. 36

"I'll fall if I let go. I'm just too scared." Then 47
Dora's brother glided past her. "He's such a good 56
skater," said Dora. 59

"Let go of the rail," he said as he zoomed by 70
Dora. 71

Then Dora saw a lady helping other skaters. 79
"Who's that?" Dora asked. 83

"She's a skating teacher. I'm sure she'll help 91
you. Let's ask her," said Amy. 97

"You'll have to let go of the rail if you want to 109
learn to skate," she said. 114

Dora tried to be brave. She let go and began 124
to glide around the ice. She did fall, but it wasn't 135
so bad. "I'm a skater!" she said to herself. 144

"I guess I can't hold on to things that aren't going 155
to help." 157
